

# The Zeneca Clean-up Oversight Committee Needs Your Participation

Are you curious or concerned about how the clean-up of the former Zeneca\Stauffer Chemical site on the South Richmond Shoreline will be completed?

If so- attend and even join the Community Advisory Group (CAG), a volunteer group of citizens who work or live in Richmond. The CAG works to ensure that the interests of the entire community are included in plans for the proper and comprehensive clean-up and ongoing monitoring of polluted sites in the Richmond Southeast Shoreline area.
